## Biographical Summary

~~I am a tenure-track assistant professor and director of the *Liberal Studies* program (supervising about 300 students) at the University of Houston, a Carnegie-designated Tier One institution. I teach theories of knowledge and truth, and ethics. In the last years I was a visiting professor at the University of Bergamo in Italy (2015, 2022), a lecturer at the University of Vienna (2019) and the Institute Vienna Circle (2015, 2017), and an academic visitor at the University of Oxford (2016, 2017). My research interests lie in epistemology and philosophy of mathematics but also involve ethics. I mainly wrote on intuition and mathematics in Kant, abstract objects and normativity in Rickert, and natural philosophy. Here is my [CV](#). In 2023, I launched the [Ethics and Normativity Seminar Series](#) at the University of Houston.~~
