Texas Poll

Q1. Many people are busy and don't get a chance to vote in every election. In many states, early voting and vote-by-mail has already started, while in other states voting only takes place on election day. Thinking ahead to the November 2020 election, what would you say the chances are that you will vote in the election for President, U.S. Congress, and other state offices?

Q1. Many people are busy and don't get a chance to vote in every election. In many states, early voting and vote-by-mail has already started, while in other states voting only takes place on election day. Thinking ahead to the November 2020 election, what would you say the chances are that you will vote in the election for President, U.S. Congress, and other state offices?
