

## UH Energy Tech Challenge Sponsorship

Join the University of Houston (UH) and IPAA/PESA to present the 4<sup>th</sup> Annual Technology Challenge this Fall (2019). Last year's Energy Technology Challenge hosted 100 students from 4 Houston schools to compete in an Oil & Gas related technology challenge, with winners presented at the UH Energy booth at SpaceCom. This year will be even bigger and better by including up to 10 Houston & Area schools, with even greater student participation and will once again be held in the TDECU Stadium on the University of Houston campus. Be a part of this exciting event, and be part of the ENERGY!
